### Louisa hits a high note claiming place in two HSC showcases

Congratulations to Louisa who has earned the rare distinction of being a featured artist for the Higher School Certificate. Louisa's artwork will be hung in the prestigious ARTEXPRESS 2021 and she has been short listed in the acclaimed Encore which brings to the stage some of the HSC's best music performers. We believe this is a fitting reward for Louisa's dedication, diligence, resilience and sheer hard work. Challenged with the uncertainty of COVID-19 and her home farm, drought stricken, Louisa has always kept a positive attitude and sense of self throughout. Louisa's artwork will be displayed in ARTEXPRESS at the NERAM (New England Regional Art Museum) scheduled from 9 April to 6 June 2021.

## 9/10 Agriculture

Students have used some products developed from the units they have been studying this semester. In Term 3 students studied Wheat Production, and made scones which allowed them to use some of the honey that they extracted from hives. They also whipped cream and butter the old fashioned way by shaking thickened cream in a jar. This all made for tasty learning!

## Thanks for coming!

It has been a busy week with Australian Dental Health NSW Van visit who assessed about 30 students, also, immunisations for Years 7 & 10 students have taken place by NEAHS. A big thankyou to both medical teams for providing our school with these services. We greatly appreciate being included.

## H2O

Students should bring water bottle to school to refill and stay hydrated throughout the day. NSW Health advises not to drink from bubblers.

We have three cold water stations in our school for students use.

## Looking for some Mathematics help?

Free Mathematics tutoring is available every Wednesday afternoon for all students from 3.30pm, please see Ms Sievers for any further information.
