### Science Scores big!

You might remember learning Science in F5 in the 1970s. Not much has changed in this Lab since, but they are about to! We are finally having this lab upgraded next term thanks to combined State funding. Thank you Adam Marshall MP.

### Emerging Rugby talent

Congratulations to Liliana Reardon who has been announced in Rugby Australia's Emerging 7's squad, which looks to find the next generation of Olympian and World Series players. Liliana is now inducted into the NSW Academy of National 7's program. Liliana has recently returned from her fitness testing at Rugby Australia headquarters in Sydney. The program offers great opportunities for country girls, as it aims to reduce travelling time, keep them at their local school and community, while providing an elite program that bridges the gap between rural and metro players.
